

# SESC SCHOOL SAFETY SERIES

## Virginia Threat Assessment June 12, 2018

What can we do to assure the safety of our students and their sense of feeling safe? Dr. Dewey Cornell, author of the nationally recognized Virginia Threat Assessment Model, will lead participants in this evidence-based approach to threat assessment. This prevention-based model is based on a factual assessment of the risk of violent crime and objective evidence of what prevention methods are effective and includes how would-be perpetrators can be identified before an incident occurs. The Virginia Threat Assessment Model has been validated through multiple field studies and experimental designs.

It is recommended that schools/districts send teams that may include principals, administrators, counselors, SROs and psychologists.

**Fee: SESC members—\$75 per person**

**Non-members— \$150 per person**

**Required training manual available June 12—\$50 per team.**

**Location: Jackson Energy Building  
177 Barbourville Road  
London, KY**

online at [https://  
sesccoop.org/events/2018-06/](https://sesccoop.org/events/2018-06/)**

## PREPaRE—Evidence-Based Crisis Response June 22, 2018

PREPaRE provides school-based mental health professionals and other educational professionals training on how to best fill the roles and responsibilities generated by their participation on school safety and crisis teams. PREPaRE is one of the first comprehensive nationally available training curriculums developed by school-based professionals with firsthand experience and formal training.

It is recommended that schools/districts send teams that may include school mental health personnel, administrators, community liaisons, SROs, psychologists and other professionals and support staff that may be involved in crisis planning/preparation.

**Fee: SESC members—\$50 per person**

**Non-members—\$100 per person**

**Location: SESC Training Room  
55 Waco Drive  
London, KY**

**EILA credit will be available  
for both events!**
